

PINE COVE WATER DISTRICT  
OPERATIONS REPORT  
January 9, 2024

1. Production:

A. December 2024	2,158,960 Gallons
December 2023	2,198,597 Gallons
December 2022	3,802,360 Gallons

- B. Static Well #10 – 73.31 feet  
Down 3.5 feet

2. Other Items:

- a. Meter Installations –The last of the meters in Book 6 and rest of 7 need to be installed. We are going to test a pilot program with Zenner to hopefully fix the communication problems we are having.
- b. Production Sources – Well #26 refurbishment has begun. Cleaning the well and also installing new equipment.
- c. Staffing/HR – Filled the maintenance worker position with Nathan Baldwin who started 1/2/2025.
