2. Other Items:

- a. Meter Installations – Continue when time and weather permits. We are testing a different program to hopefully fix the problems we are having with the Fenix system.
- b. Production Sources – Well #26 was cleaned and new equipment installed. Once we flush & test the well, it will be put back into service.
- c. Vehicles/Equipment – The 2013 Toyota Tacoma is nearing completion and will be put back into service soon. Fiscal year 2025/2026 we will begin looking at purchasing 1 to 2 backup generators.
